**Public comments:** Mark Mashaw of Pinto, Mucenski, Hooper, VanHouse and Company was present to present the annual review. This was a clean review, healthier this year than last year. It was stated that we have good diversity of investments and greater assets, which is setting a positive trend. More stable funding though the school district ballot is a positive. Of course, the investments will be influenced by the market. It was a positive review.

A discussion followed regarding the recent repair of the inside elevator, and the need to replace the hot water heater, which happened today.

**Director's report:** Additions include the recommendation by the Ogdensburg Fire Department to purchase a KnoxBox for a cost of \$459.00. This is a lock box, which would give the fire department access to the building in an emergency. The director will research and decide.

**Children's and Youth Services report:** Additions include the completion of the Doyle order. This is a fund dedicated to purchasing books and material to increase diversity and handicap awareness. The participation numbers in the story walks and take home crafts are strong. The Wednesday crafts in the park are mostly walk overs.
